

EXPANSION PROJECT: Taller | Larger | Newer

JUNE 2018

WE ARE OPEN DURING CONSTRUCTION!

But, here are some **IMPORTANT DETAILS** we can all look forward to:

PHASE 3: NEW CLIMBING WALL

NEW CLIMBING WALL CONSTRUCTION: The Entre-Prise team is onsite and construction is currently underway; we're keeping it all tucked away behind that big plastic curtain for a number of reasons including construction, occupancy, and excitement!

NEW AUTO BELAY LOCATIONS: With the removal of the stem wall (*see below*) we had the opportunity to relocate a couple of the auto belays, providing new route options for many Edgeworks' climbers. Come check it out!

CORNER STEM WALL & CAMPUS BOARD: It's sad but true. We have said good-bye to our beloved corner stem wall (*ropes 5-7*) and created the new pass-through that connects the current climbing area to the new space. At the same time, we've also removed the campus board and a section of the blue flooring to create a walkway.

PHASE 4: SUITE 200 RENOVATIONS

| NOW OPEN! | TEMPORARY CLOSURES: |
|--|--|
| <ul style="list-style-type: none">• NEW Front Entry - Suite 100: OPEN!• Temporary BATHROOMS: OPEN!• Temporary FITNESS ANNEX: OPEN!• Temporary WEIGHTS/CARDIO: OPEN! | <ul style="list-style-type: none">• Bathrooms/Showers: closed• Weight Room: closed• Birthday Parties: unavailable• Water Fountain: unavailable• 2nd Floor Lounge: closed• Fitness Studio: closed• Bouldering Top Out: down climb |

New FRONT ENTRY: The first major step in the exciting changes that are yet to come - **our new front desk is officially OPEN** and our main entrance has moved 3 doors down to the corner of the building, suite 100. Due to the need to house a handful of temporary amenities (*cardio machines, weights, and office spaces*) the space doesn't feel complete but it is functional, fresh, and new!

BATHROOMS: With the bathrooms under construction, we have brought in a temporary mobile bathroom trailer which includes toilets and sinks but **no showers**.

FITNESS ANNEX: **All current fitness class offerings are continuing during construction!** Our temporary **Fitness Annex is NOW OPEN!** The space has been set up with everything you need including mats, equipment, and cubbies to store your things. Class sizes have been slightly reduced so remember to use the **RGPCoconnect App** to secure your spot; online registration opens 4 hours in advance of each class. **Please continue to check-in at the front desk before heading to class.**

WEIGHTS & CARDIO MACHINES: We've made space for the cardio machines and weights to remain **available during construction**.

BOULDERING WALL TOP OUT: Instead of exiting the top of the bouldering wall via the stairs, a **down climb** option has been created and is clearly marked on the top of the boulder wall.

BIRTHDAY PARTIES: Recognizing the strains that reduced and temporary spaces will have on our members, we are **unable to host birthday parties** May 21st - September 30, 2018. Some groups may still be accommodated.

WATER FOUNTAIN: Our water fountain is currently unavailable. Please remember to **bring a full water bottle**. For those who forget, we're also offering bottled water at a significantly discounted price.

As with all construction projects, exact dates can be difficult to nail down.

The above **dates are subject to change at any time** and we will do our best to provide updates when/if they occur.
